DETAILED ACTION

Applicants' response, which included amendment to claims 102 and 108-112, filed on 5/11/2004, is made of record.

Claims 102 and 104-112 are pending.

Information Disclosure Statement

References cited in the Information Disclosure Statement filed on 6/4/1999 are made of record.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In view of applicants' response, all 112 rejections made in the previous office action have been obviated.

The compound of formula shown in claims 102, 104-112, namely substituted tetrahydrofuran or hexahdropyran bearing a COOH substituent at 2-position with specific R₅, R₆, R₈, groups its enantiomers or racemates embraced in the instant claims was not found to be anticipated or rendered obvious by the prior art of record. Additional search in the related art area also did not yield any prior art disclosing substituted tetrahydrofuran or hexahdropyran bearing a COOH substituent at 2-position with specific R₅, R₆, R₈, groups its enantiomers or racemates embraced in the instant claims.

Therefore, the examiner noted that the claims 102 and 104-112 would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
